**Corona Update**

Please remember that if you are asked to self-isolate, it is likely to be without any notice. If you do not have neighbours or family close at hand, please do let us know. We are here to help. Do think ahead about what you might do under such circumstances

**Online Services Appeal - Enabling your church to offer online services**

Coronavirus has required St Andrew's to be innovative in the way it reaches out and supports our community. We have recorded Sunday services each week and posted them on our website for people to feel connected with our church and to worship God.

This has been really well received by members of the church community, the parish and yes, across the country (we have received some lovely feedback from people who have watched the services who don't live in Eastern Green, or even Coventry).

However, although this has been great, it does have some limitations, especially in these times when numbers allowed in church are so restricted. With your help we want to expand and improve our service to the community. We are launching an appeal to raise £8,000 to install equipment to allow us to live stream our services. This will give us the capability and opportunity to live stream Sunday Services. It will also give us the opportunity, when appropriate and possible, to live stream other important services, for example funerals. We can all understand how difficult it is for families and friends not to be together to celebrate someone's life. An online service, streamed to a person's home can help both support the family and those not able to attend.

We are applying to organisations for grants to secure half the cost, but need to meet the other half from donations. If you feel that this is something you can support please make a donation via the link below. Thank you.....
